Newsletter 4: Celebrating Achievements

Subject: Celebrating Success – STEMInAction Wraps Up with Impact

Dear readers,

It is with great pride that we share the culmination of our two-year journey with STEMInAction. Together, we've achieved remarkable milestones in revolutionizing STEM education. From impactful Learning, Teaching, and Training activities to the creation of invaluable Online Educational Resources, our collaborative efforts have left an indelible mark.

Over 30 academicians and technical staff received specialized training, contributing to the success of this initiative. The multiplier events, including Science Day and Pi Day, brought awareness to STEM across communities.

As we conclude this chapter, we express our deepest gratitude for your support. STEMInAction's legacy lives on through empowered educators and inspired students, setting the stage for a future driven by innovation.

Best wishes,

STEMInAction Germany Team
